Safety Warning

Keep all small magickal objects away from children to avoid the possibility of accidental swallowing.

Never leave a candle burning unattended, or near any flammable objects such as chemicals, curtains or papers.

Always use magick for good reasons, and not with the intention to harm another person…The more good you do, the more you will receive in return!
Magick And Witchcraft

White magick, black magick. Throughout the ages controversy has raged about evil witches and good witches, bad spells and beneficial spells. Let's start with the fact that there is no such thing as white or black magick. Witchcraft isn't good or evil, it is only the intention behind the magick that is dark or light. If you choose to use magick to better yourself, improve your lifestyle or to bring good fortune to others, then your intentions are good. If you wish to bring someone harm then it is your intention that is evil. In the long run, those who use magick for beneficial purposes usually reap the positive rewards. Those that stray into the dark side eventually lose out.

The Nature Of Magick

Humankind has been practicing magick and rituals for thousands of years. Almost every race of people have their own style of witchcraft. You have probably heard of the Druids, Merlin was a Druidic wizard. There are people who practice voodoo, and those that follow the arts of ancient Egyptian sorcerers. Regardless of the type of rituals used there are many similar thoughts involved...Magick is the art of life, everything in the universe is made of energy, and everything is connected. No matter how far away, any object or person can be influenced by another's thoughts using the power of witchcraft.

Magick is everywhere, energy is everywhere. Using rituals and ceremony you can take these random forces and make them work to your own benefit. Instead of accepting whatever fate has in store for you, take charge and write your own destiny. The future is not set in stone- it is fluid, and as such it can be influenced by people who know how- people who understand that the universe is there for them to share and use. But be sure to return some of your good fortune as you profit from magick. This is a way of thanking the universe for its generosity, and avoiding greed. If you use magick for greed it will eventually backfire on you.
Religion And Magick

Many of today's religions view witchcraft as evil, Satanic, or as a useless relic of the past. What is interesting to note is that a great majority of these religions are based on pagan rituals and beliefs. Christianity, Catholicism, Greek Orthodox and many other belief systems were founded on ancient ceremonies and rites.

Your church may tell you that to practice any kind of magick is to invite Satan, Beelzebub or some other demonic nasty into your life, this is simply not true. If you practice witchcraft with evil intent, then you are asking for trouble. The spells contained in this book are for improving your life, not for causing harm (maybe just a bit of mischief!).

Remember, love is a kind of magick. Jesus practiced very powerful magick to raise the dead and heal the sick...is love evil? Is Jesus evil?... Of course not! Use your magick for good and no harm will come to you. Magick's power comes from the universe, some say God, whichever, all you have to do is believe.'
Purification Rituals

Before you commence any ritual or ceremony it is extremely important that you purify any equipment that you will be using. All your magickal instruments, candles, paper, pens, salt and even this book may contain negative energy from other persons or sources. This negative energy must be removed from your equipment before you use it in the practice of magick, failure to do so could cause your spells to become corrupted or negatively influenced.

Follow the instructions below, first purifying a container of salt using the 'Salt Cleansing Rite', and then use the 'Purification Ceremony' to consecrate the remaining magickal implements.

Salt Cleansing Rite

Salt is an extremely powerful magickal product. It has been used for thousands of years for purifying and protecting against evil. The salt you will require for use in this book is common white table salt. When you have cleansed your salt, remember to use it only for your mystical purposes.

Place the salt container (a jar or tin is preferable) on your altar, remove the lid and look at the salt. Let yourself relax completely and while continuing to look at the salt, imagine it glowing with a bright golden aura. Do this for a couple of minutes and then say the following words clearly and out loud;

May Your Kingdom Come,
May You Will Be Done On Earth As It Is In Heaven.
Given Me This And All My Days The Things
I Require To Live My Life To The Full.
Purify This Salt And Allow Its Immense Power
To Work For Me, Bringing To Fulfillment My Desires.
So May It Be!

Meditate for a moment longer and then return the lid to the container. The rite is now complete. Keep the salt with your other equipment and use when required. This ritual needs to be performed only once for each new container of salt that you purchase.
**Purification Ceremony**

Place your instruments on your altar. Light a plain white candle (unscented), this represents purity, and recite the following ritual;

O Instruments, I Conjure Thee By The Power Of The Heavenly Host, And By The Elements Of Fire, Wind, Earth And Rain, That Thou Shalt Be Clean Of Foul Creatures And Obtain Every Virtue Unto Thyselves, And Work In All Manners Directed From This Time On. By The Splendor Of The Planets And The Divine Miracle Of Creation Mote It Be!

Sprinkle your instruments with the consecrated salt and cover them with a piece of clean linen (do not use any other fabric). All your equipment is now charged with positive energy and is ready to be used. If you add any new products please repeat the ceremony for these items...you do not want any outside, negative influences affecting your magick!

**Additional Information**

The term altar is used frequently throughout this book, an altar is any table, box or flat surface that you choose to perform your rituals upon. Some people use a wooden chest, you can practice your magick upon it and then store your magickal apparatus inside. To increase the power of your spells you can also use an altar cloth, preferably a good quality fabric such as velvet or silk.
Extra Intimacy

*Use to bring you and your loved one, even closer.*

Light two (2) red candles, using a match. Place the candles close together and put an empty bowl in front of them. Take an egg, lightly break the shell with a knife and very gently pour the contents into the bowl. As you do this say the following:

This Is Me
My Mind Is Gold
My Body Is Silver.

Do the same with the other egg and say:

This Is Him/Her
His/Her Mind Is Gold
His/Her Body Is Silver.

Stir the eggs gently with the knife, break the yolks and say;

Let Our Minds And Bodies Unite Even More,
Until One Is Two And Two One.

Keep repeating this until the eggs are an even mix. Go outside and pour the eggs onto the soil (not concrete). Repeat this ritual every week.

Secret Love Affair

*This is a rite used to keep an illicit affair secret from others.*

Light a plain candle with a match. Write your name on a piece of paper. Write your secret lover’s name on another piece of paper. Place both pieces in an envelope, with the names facing each other. Seal the envelope and pass it through the candle flame without setting it alight. Now put the envelope in front of you and say;

In Here Is Our Secret
Our Secret Will Stay In Here.
Nobody Will Discover It
Nobody Will Know It.
Those Who Find Out Will Forget Immediately
Those Who Know It Will Never Use It Against Us.

Repeat these words (not the candle part) every day after dark. If you forget one day then you will no longer be safe.

**Relationship Tester**

*Use this rite to determine if a relationship will be viable.*

Light a red candle, using a match only. From a deck of cards choose a picture card, this one will represent you. Now choose another picture to represent your desired partner. Place the two picture cards about 25 centimeters apart, and put the two of hearts (this card symbolizes lovers) in between. Now say:

This Is How We Are Now

Take the picture cards and place them face to face upon the two of hearts. Recite the following:

This Is How We Shall Be  
Let Time Tell If It Will Be  
Let Us Be Closer All The Time  
Until I Decide How It Will Be.

Practice this ritual everyday, within a matter of weeks you should become closer and closer!

---

**Gentle Ending**

*This ritual is used to gently end a relationship.*

Light a white, unscented candle with a match. Take a deck of cards and select one. This card will represent you. Now choose a card that represents the other person. Take out the two of spades (this represents friendship). Select the four of diamonds to represent an ending. Put the card that you chose for the other person in front of you. Place the two of spades and the four of diamonds on it, face up. Put the card representing you on top and say:

Let There Be An Ending  
Let There Remain Friendship  
Let Us See That We Were Wrong  
Without Blame And Without Hard Feelings  
So It Will Be And So It Shall Be.

This ritual should be performed every day. Within a matter of weeks, sometimes sooner the relationship should start to cool off. This rite is particularly useful for when you wish to remain friends with the other person.
Making More Friends

Use this ceremony to attract new friends and keep old ones.

Light a gold or yellow candle on a Sunday. Visualize many people walking towards you with, smiling and arms open. Take a moment to do this and then say the following nine times;

Friends I Have,
Friends I Keep.
New Friends I Shall Have Too,
And To Me They Shall Be Kind And True.

This ritual should be performed for nine consecutive nights.

Overcoming Lust

Use this incantation to replace lust with love.

Beginning on a Monday, light a white candle (the color of purity) and say the following words twice;

As The Flame Of Thy Purity Burns
So My Heart Is Burned.
Burned Of Evil,
Burned Of Corruption.
Sweet Is Thine Flame Of Innocence.
My Soul Is Enveloped In Thee;
To Drink Of Purity,
Of Goodness
So May My Life Always Be.

To Ease The Loss Of Love

To ease the pain of a lost love or broken relationship.

Light a pink candle and say the following words;

O Lady Divine,
Comfort Me At This Time.
Thou Who Art The Lovers Friend,
Comfort Me And Help Me,
So That I May Love
And Laugh Again.

Repeat this ritual for nine consecutive days. You can start this rite on any day of the week!
**Magick Love Doll**

*Used to attract a partner or make someone fall in love with you.*

If you want a particular person to fall in love with you, use a doll to represent him or her. It’s best to make the doll yourself. Make it from natural materials such as wax, wood, clay or straw, or sew a rag doll. You could buy a ready made one, but it will not be as powerful as making your own. You should obtain something belonging to the person that you are pursuing (lock of hair, nail-clipping etc). This will add extra potency to the spell.

Make your doll on the first day of the new moon. While calling out the name of your desired partner, scratch or write their name on the doll. For writing, your blood is best, but you can use red ink with a drop of your blood mixed in. Gently prick the doll where its heart would be with a thorn or pin, as you do this recite these words;

> As This Thorn Pierces Your Heart,  
> So Let It Be Pierced With Love For Me.

Or alternatively, wrap the doll in three different colored ribbons and say these words as you do so;

> Threads Bind, Body Entwine,  
> Heart Find Linked To Mine.

You can also make a doll out of bread and eat a piece of it each night, saying the following;

> As You Become A Part Of Me,  
> So Let Me Become A Part Of You!

Always stick to the same doll, and do it for fifteen minutes each night until the moon is full. You can start again at the next new moon if you have no results.

If the person doesn’t react soon enough, light a red candle and slightly singe the doll’s feet whilst saying;

> For You I Yearn, For Me You Burn.

This should get a quick response. If there is no reaction you may have overdone it! When not casting a spell, keep your doll wrapped in a clean cloth made of natural fibre. (No synthetic material may be used). Hide your doll when not in use, in a safe place. If another person touches your doll it may reduce its potency!
A Gift Of Love

*Using gifts to attract your desired partner.*

Gifts made by your own hand are very powerful, because they are full of your spirit. If you knit, sew or crochet an article for your loved one always begin it during a new moon, and finish it at a full moon. Each time you start or stop work, say:

*As These Knots I Do Entwine, Let His Heart Be Linked With Mine.*

Before giving him the gift, keep it close to you for about a week, day and night. If you can't wear it for a week, keep it under your pillow. Then give it to him. It will be infused with your spirit and love for him!

**Venus Love Ritual**

*Use this rite to re-kindle passion in your partner.*

Burn some rose scented incense on Friday night (Friday is ruled by Venus, Goddess of Love!). Light two red candles (red for passion and arousal), then on two slips of paper, write the name of your lover, and add a drop of red wine if you are a man or a drop of perfume if you are a woman. Place one piece of paper under each candle.

Put yourself in a sensuous mood and visualize your lover standing alone in a darkened void. As the image becomes clearer in your mind, picture a bright red light beginning to surround him or her, gradually encircling their entire body. After a couple of minutes, let the image slowly fade. Perform this ritual for five (5) consecutive nights. Make sure you are alone with your partner on the sixth night for the ceremony to take its full effect!

**Pregnant Potion**

*Use when you are having difficulties becoming pregnant.*

If you long for a child, try this simple method. Purchase a small bag of sunflower seeds and one of pumpkin seeds.

At the new moon, eat five of each.

Continue eating each them each night until the full moon.

If you don't become pregnant before the next new moon, start the spell again!
An Old Flame

A few simple candle rituals to increase love and passion.
The candles used in the rituals below need to burn for approximately 15 minutes. If you wish to strengthen the spells, let them burn longer. Always remember to concentrate on your objectives while the candles are alight.

Take two pink candles, light them and place one on either side of your bed during a full moon. Light them at midnight only and write your lover’s name on two pieces of paper, which you will put under the burning candles. Continue to light the candles at midnight for three nights and your desired partner’s affection will be yours.

Burn a green and a red candle to prevent disloyalty in a relationship.

Light one green candle and one purple candle to restore domestic harmony.

To break up a love affair, light one green and one black candle. This is a powerful negative combination.

Burn a light blue candle every morning at sunrise for seven consecutive days. This will protect you from evil influences and promote harmony in a love relationship. Also helps to prevent quarrelling!

Stopping Infidelity

Use this rite to stop your lover being unfaithful.
The first step is to make a doll that represents the person in question. You can use fabric, wood, clay or which ever material you choose. When you have done this, write the person’s name on a clean piece of parchment paper and attach it to the back of the doll. Rub the entire doll with musk oil and place it on a square of red satin. Sprinkle the doll with rice powder and recite the following words;

With Powerful Lover Powders All Over Thee
Hurry, Hurry Come Back To Me!

Repeat this spell for three days. On the third day your lover should appear before you.
Make A Stranger Introduce Himself

Use this ritual to compel a stranger to introduce him or herself!

On a Monday night during a full moon, gather a small light-colored pebble from near a source of water (lake, river etc) and a gray stone from alongside a country road. Write on a piece of parchment in rose colored ink the following names of power;

Adarsel  Verum  Gnosta  Adonai

Wrap the stones in the parchment and bury them a few inches away from a young tree where the moonlight can reach. Leave the area without looking back. Return seven days later for the stones, rebury the parchment and leave it in the ground. Carry the stones with you and when you desire the stranger to introduce him or herself, rap them together three times and say the words of power (above) out loud, or in your mind! The stranger will be compelled to greet you.

Arousing Sexual Passion

Use this rite to ignite your lover's passion.

Light a red candle late on a Tuesday night. Picture your lover full of passion for you. Then repeat this spell nine times in a row;

Hot she/he Is.
Passion she/he Cannot Deny.
Hot Without Knowing The Reason Why.

This ritual should be performed for nine consecutive nights!

Lost Lover

Use this spell to bring back a straying man.

Pick three roses on December the 21st, in the evening.
Bury one under a yew tree, bury the second in the ground, and put the third under your pillow.
Leave untouched for three days. This will cause your lover's dreams to be haunted by images of you.
He will remain miserable until he returns to your side.
To Attract The Opposite Sex

*Used for finding a partner of the opposite gender.*
Light a gold (or yellow) candle on a Friday evening (the later the better).
Visualize him/her being unable to resist your charms. Do this for a few moments and then say the words below six (6) times aloud;

Me You Can’t Resist,
My Attraction Is Too Great.
For Me You Fall,
Captured By My Power And My Call.

If you are a man, perform this ritual just one time; if you are a woman you have to repeat this ritual over nine consecutive nights (No sexism is intended by this!).

Make Someone Contact You

*Used to cause a person to contact you.*
On Thursday evening, light a green candle and place a photo or picture of the person you wish to hear from in front of the candle. Gaze into the flame and say the following;

(Person’s name)...Seek Me Out, Come To Me
In Voice Or Flesh
Hear This Call Of Heart And Mind
O Friend Of Mine
Let The Forces That Protect Me Go Forth And Make This Be
By Heaven And Earth, By Stone And Fire So Mote It Be!

You should hear from the person concerned in seven or more days after the ceremony. This rite will work even better if you perform it for three consecutive nights!
Ending Loneliness

Use this spell to end loneliness and attract friends.

For this ritual you will need a pack of playing cards. Take out the Ace of hearts and all the jacks, kings and queens. Place the Ace of hearts in front of you (this card represents you). Now place all the other cards in a circle around the Ace of hearts. Visualize yourself in the middle, surrounded by people. Say the following aloud in a clear voice:

I Am No Longer Lonely.
I Have Many Friends.
They Will All Come To Me.
And Enjoy My Company.
Amongst Them Will Be Many.
Who Can Easily Love Me.
I Will Have The Choice.
I Will Make The Right Choice.

Now concentrate for a few minutes on what you have been doing. You must perform this ritual everyday. If you have been doing it correctly then your loneliness can end in a few weeks.

Attracting A Lover

Used for attracting a sexual partner.

This spell is used to attract a much-desired lover. Stand erect in front of your altar. Breathe slowly and deeply, relax and think about your objective. Now using salt that you have purified, take the lid of the salt container and using your imagination visualize the salt glowing with a bright golden light. Continue to do this for five minutes, then using your left hand take the salt and draw a stick man and a stick woman (similar to what a child would draw) upon your altar. Do this just in front of your salt container.

Now visualize your drawing shining with a brilliant golden aura. Continue to do this for five minutes, then using your left hand again, remove the salt image and sprinkle the salt out an open window. While you do this say, the following out loud;

Lover, Oh Dear Lover, Come To Me.

Keep repeating this phrase until all the salt has been sprinkled, then go and sit quietly for a few moments and think about the lover of your dreams. The ritual is now completed.
Making New Friends

Use the following to end loneliness and make new friends.

Cut thirteen (13) pieces of paper into strips roughly 5cm x 7.5cm. Draw a heart on one of the pieces, this represents you. Draw a simple stick figure of a person on each of the remaining pieces. Place the heart piece in the center of a circle made up of the other pieces and visualize yourself in the middle surrounded by people. Concentrate for a moment and then say the following in a loud clear voice;

I Am No Longer Lonely.
I Have Many Friends.
They Will All Come To Me And Enjoy My Company.
Amongst Them Will Be Many.
Who Can Easily Love Me.
I Will Have The Choice.
I Will Make The Right Choice.

Concentrate a little longer on what you have been doing, and make certain to repeat this ritual every day until you get results.

Binding Spell

Use this spell to bind another person to you.

Light a plain candle using only a match (no lighters, etc). Write your name on a piece of paper and then write the name of the person you wish to bind to you on another piece. Place the two pieces together with the names facing each other and roll them up into one. Pass them through the candle flame without setting them alight and recite the words below;

I (your name) Am Now With (others name),
We Shall Be Together Forever,
He/She Shall Love Me,
And Shall Be Bound To Me Forever,
It Will Be So And It Shall Be So.

Go and bury the pieces of paper outside. The person you chose should be yours before the paper rots away.
To Get Yourself A Man

Use this simple ritual to get a man.
Take the peel of two lemons, wear them all day, one in each pocket. At night rub the four legs of your bed with them. If successful the person you desire should appear in your dreams and present you with two lemons.

Czechoslovakian Love Rite

Used to catch the girl/woman of your dreams.
This spell is used specifically for a man to attract a particular woman. It is a simple but powerful ritual. Take five chestnuts, bind them together with a single piece of string, making sure to knot the string three (3) times between each chestnut.
As you tie each knot, repeat the following invocation;

I Make This Knot To Ensnare The Heart Of ...(say her name).
Let Her Neither Rest Nor Sleep Until She Turns To Me!

Say this loudly and with conviction, and then carry the string and chestnuts around with you.

Ritual To Save A Marriage

Used for keeping your marriage or relationship strong.
Use this ritual to help save a failing marriage. Stand erect in front of your altar, take a moment to consider your objective. When you are ready remove the lid from your salt container and visualize the contents glowing with a red aura. Continue to do this until you can see the salt glowing red in your mind's eye. Now using your left hand, sprinkle a pinch of salt into the palm of your right hand. Now sprinkle the salt back into your left hand, continue to do this for five minutes keeping your marriage in mind. After five minutes use your left hand to sprinkle the salt into the air just above your head, while you do this read the following out loud;

With The Sure Power Of Salt Magic I, (say your name out loud)
Secure (then state your desire to save your marriage and strengthen your relationship)

Now just sit and relax for a few moments and consider your marriage in a positive frame of mind. The ritual is finished.
To Make Someone Love You
Use to make another person like you.
Place an egg in an anthill on November the 18th. Leave it there for one week, then take it out. Whoever you touch it with will love you.

Love Powder
Use this organic potion to make someone love you.
To attract a person you desire, mix 30 grams of leeks, 30 grams of rose petals and 30 grams of coriander seeds together. Mash these ingredients into a fine powder and put them in a small, tightly closed box. Keep this box on you at all times, and when an opportunity arises sprinkle a small amount onto His or Her food.

Now be patient and wait for the results.

To Win Love And Friendship
Use this to attract someone you like.
Starting on a Friday, picture the person you wish to attract walking towards you. See them smiling with open arms. Light a green candle and repeat the following six times:

In Me You Find Love And Comfort.
In Me You Find A Sure Support.

This ritual should be performed for nine consecutive days or nights.

Attracting A Man
Use this simple technique to attract a man.
Give the man you wish to attract or marry a sprig of myrtle and he will soon return your devotion.
Photograph Magic

Use to make a person fall in love with you.
During the new moon, place a photo of yourself on top of a photo of the person you desire, sew them together with red cotton whilst saying;

Face To Face, Heart To Heart.

Wrap the two photos in natural fibre cloth (Silk, Cotton etc) colored black or red and hide them. Take them out each new moon and repeat the words above three times. Keep doing this until you have achieved your goal.

Love Potion

Use this potion to cause someone to fall in love with you.
Take some chilled red wine, add a teaspoon of rosemary leaves, aniseed, cloves honey and orange rind. Mix these ingredients in a small saucepan with a pinch of ground cumin and three green leaves from rose geranium.

Bring to boil, and simmer while counting to one hundred. Remove to a cool place until steam ceases to rise, then strain through a sieve and return to heat. When a sweet smelling steam starts to rise pour into a cup and give to the man/woman of your dreams. (You may add it to another drink!)

Cabalistic Love Ritual

Use to make somebody feel attracted to you.
This is another simple but effective rite. Take a piece of clean white linen, inscribe on the linen in red ink a 10 centimeter square with the following words written inside it;

Gnosta Verum Adoni

At sunset, bury the cloth at the foot of a tall oak or pine tree. Leave the site of burial without looking back. The ritual is now complete.
**Romantic Lover**

*Use when you are looking for a romantic lover of either sex.*

Light a plain candle (you must use a match, nothing else) and then write the following on a piece of parchment paper in red ink:

I Am A Romantic  
I Need A Romantic Lover  
There Is One For Me  
Somewhere Not Far  
He (She) Will Come To Me  
Now At My Call  
Without Any Delay

Now draw two intertwined hearts on the paper; fold the paper in half length-wise and again in half length-wise. Burn the paper with the candle, collect the ashes and go outside and blow the ashes into the air. Concentrate for a few minutes on your goal. Perform this ritual every day until the desired results occur.

**Enemies Into Friends**

*Use this ritual to convert your enemies into friends.*

Light a green candle and visualize your foe smiling with his/her arms open to you in a gesture of friendship. Now say the following words six times:

I Forgive Thee For All.  
And You Forgive Me For All.  
Peace And Harmony Shall Be Our Friends.  
And Friends We Shall Be To One Another.

Do this ritual for nine consecutive nights, beginning on a Friday.
**Broken Friendship**

*Used for bringing friends back together.*

As with the spell above you will start this rite on a Friday and continue it for nine consecutive days or nights. Light a green candle and recite the words below six times over;

```
O Princess Of Peace,
Reconcile This Friendship,
Fair Lady That Thou Art,
Please Intervene On My Behalf,
No Animosity Do I Harbor,
No Doubts Do I Posses,
All I Seek With (say the name of the person),
Are Peace, Harmony And Happiness.
```

**Love Rituals**

*Use these spells to make someone fall in love with you.*

End Of Love

This spell is to end a relationship at all cost.

This Is How It Was
This Is How It Was Meant To Be.

This Is How It Is Now
This Is How It Will Be
This Is How It Should Be.

Burn each piece of paper in the flame of its own candle. Extinguish the flames. Perform this rite every day using the same candles. The relationship should start to fade before the candles are completely melted!

Astrological Sex Guide

The following list is a brief guide to finding your perfect sexual partner, using astrology. You shouldn't take this information as gospel, as not every person fits his or her star-sign characteristics exactly.

**ARIES**

Aries is a highly sexed sign, and because of this you have probably gotten yourself into trouble more than once. There's nothing like a little variety. You would be best choosing a Sagittarian for a lover, as you both have many similar attitudes towards sex. Neither strives for permanence or lengthy attachments. You both live for the moment only. Stay clear of Pisces as they will try to tie you down forever!

**TAURUS**

Taurus, romantic and down to earth. Often a slow mover and consequently, should avoid the fire signs, Aries, Leo and Sagittarius. Taurus craves for a deeply satisfying love life and chooses a partner for the long haul. You would do well with a Virgo, but should avoid Aries...you're just not right for each other.

**GEMINI**

Being a twin sign makes you a complicated personality. On the one hand you desire excitement and romance, and on the other, stability and permanence. Geminis often conduct two love affairs simultaneously with great success, and with two completely different personalities. Try an Aquarian as a partner, they will keep you interested with their mystery. A Taurean would probably bore you to death with their slow lovemaking.

**CANCER**

Your sex life is not of primary importance to you. You would worry more about your partner's fidelity. Cancerians crave romance, and would find a good match with the ever-reliable Taurus. Stay away from Gemini as they like to play games when it comes to sex, and you find this uncomfortable. You are a warm and sensitive person, and would make a nice, dependable lover.
LEO

You have a magnetic personality, which brings you many opportunities for love. But you still only want the one person destined for you. An attractive Libra would be perfect, as they are passionate but undemanding. Steer clear of Virgos, they are too ready to criticize you...and Leos hate criticism. You expect to be praised for your lovemaking, as everything you do is always the best!

VIRGO

Easily aroused, Virgoans worry a lot about their love life. As a Virgo, you are often very selective, there are not many partners that come up to your standards. Your nature is somewhat insecure; so a Cancerian would make an excellent choice for a lover, due to their secure nature. Leo's fiery temper would not be suitable for you.

LIBRA

Another sign that is hard to please is Libra. Often intellectual and full of moods, it is difficult to know what you want. A Leo can usually read your moods and give you the required mental and physical satisfaction. Much less emotional is Capricorn, who you have little in common with, so stay away from them. Leo's bright sexual fire is what you need around you.

SCORPIO

Your life is full of sexual fantasies. As a powerful personality, you reflect this in your sex life. Another Scorpio would be a great sexual partner for you, although it would be a stormy relationship. Stay away from Libra as a lover, they will ruin you mentally and would not understand your direct personality.

SAGITTARIUS

You like to play hide and seek; this applies to your sex life as well. If your chosen partner does not understand your love for games, your relationship will be short. A good match in this field is an Aries. Aries likes to play games and enjoy life in a similar manner to you. The water sign Cancer would very quickly put out your flirty fire, neither of you have much in common.
Capricorns are hard to please, and are best suited to Pisces, who are also discriminating people. As you both are sensitive and charming people, you should be able to satisfy each other. The sign that will do absolutely nothing for you is Aquarius; you would be completely incompatible as lovers.

You tend to shock some people with the way you flaunt your sexuality, even though you are not always aware that you are doing this. You like explosive love affairs and few people can resist you. Geminis make great partners for your kind of love. But stay clear of Scorpio, it would be a huge disaster!

The sentimental Pisces dreams of a perfect love, mental and physical. A Capricorn would be as near to a perfect lover that you could get. You are both sensual and imaginative in your lovemaking, and the romantic atmosphere created by you would suit you both extremely well. A Sagittarian lover would completely frustrate you, so avoid them at all costs.

The Law of Attraction, Magick, Universal Power. Can they be used to attract Love or Sexuality? Absolutely! If you use the right tools, and you desire it enough, you can!!!

Some people use affirmations that they repeat over and over to attract a partner, or to find a sexual relationship. This method usually leads to failure, frustration and loneliness. Some people use money, clothing or assets to attract a partner, this method works for a few, and not for all. A select few use ancient magick and Symbolism, Spells and Rituals to do the above, and many of them succeed! I am one of those people and I will show you the ancient magickal symbols, that I used with success, and others are now using to get great results too.

After almost 5 years of study and trial and error, I have created the ultimate Love Talisman, a combination of two magickal seals (special symbols) that, used together create awesome results. I wanted a charm that could be worn to attract love or a relationship with less difficulty, either a romantic relationship or one based on sexuality. (The users preference). One side one, you have the 4th Seal of Venus from the Books of king Solomon, this is used to attract a partner, attract love and relationships. On the second side is the Sigil of lust, used to attract more of a sexual relationship and to increase sexuality. The Talisman of Love & Lust is designed to be used for the following;

Attract more love
Increase your love-life
Find a new partner
Increase your sexuality
Meet your soul-mate
Create a new relationship
Be noticed more by others
Increase confidence
Use Universal power
Make more friendships
Multiply your contacts
Feel more lovable
Rekindle your relationship
